

Keep Me Signed In – Customer Guide

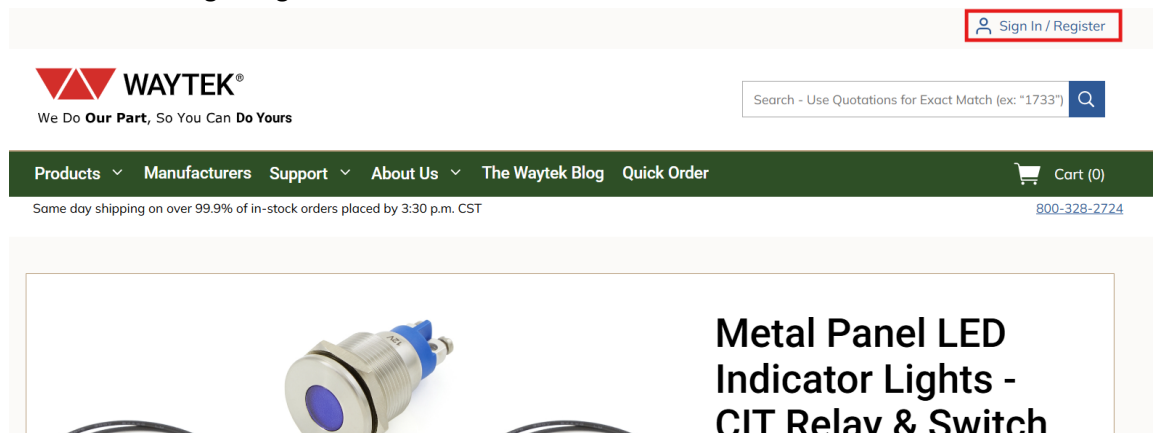

The Keep Me Signed In feature helps you stay logged in across visits, so you don't have to enter your username and password every time you return to our site.

1. What is “Keep Me Signed In”?

When you check the Keep Me Signed In box at login, our system remembers your session. This means you can access your account faster without logging in again, unless you log out manually or clear your browser cookies.

2. How to Use It

1. Go to the Login Page.

2. Enter your username and password as usual.
3. Check the box labeled Keep Me Signed In before clicking Login.

3. When to Use It

- ✓ On a personal device (like your own computer, phone, or tablet).
- ✓ If you want quicker access without typing your credentials every time.
- ✓ If you access our site frequently throughout the day.

4. When Not to Use It

- ✗ On public or shared computers (like at a library, office, or internet café).
- ✗ If you share your device with others who could access your account.

5. How to End Your Session

5. To sign out, simply click Logout in the top menu.
6. You will need to enter your login details again next time.
7. You can also clear cookies in your browser to remove the saved session.

6. Security Notes

- Your account information remains secure.
 - We still protect your account with the same encryption and security standards.
 - Always log out if you're finished using a shared device.
- ✓ That's it! By using the Keep Me Signed In option, you can enjoy a faster, more convenient login experience.
